

Articulation Agreements

A transfer articulation agreement provides a clear pathway for students to earn their associate's degree from a community or technical college, then transferring credit toward completing a bachelor's degree at a four-year university. WSU currently has transfer articulation agreements with over 30 other colleges.

To see what transfer articulation agreements are available and learn more, visit the Transfer Articulation Agreements website (<https://www.wichita.edu/admissions/undergraduate/transfertowsu/articulation.php>).
